ON RESERVATION INDIANS BACK TO PLAY FEW GAMES

Rain Spoiled Nearly Every

Are on Schedule.

Notes of Players From Other
Cities.

PADUCAHANS ARE MAKING GOOD

Rain prevented the first game of the series scheduled between Clarksville and Paducah this afternoon. The heavy shower this afternoon made the diamond at League park impossible to play the game. Manager Angermeyer announced that the game will be played off Monday afternoon. In a double-header. Woodring, who was on the list for this July this afternoon, will be used in the box for Sunday's game. The Indians were able to "come back." They returned this morning from Hopkinsville after a wet trip, and an even break while on the road. Out of 11 scheduled games on the road the team was able to play only 11 games, and three of those games were double headers. From last Saturday until Thursday not a game was played, owing to rain. Manager Angermeyer was all grins over the showing of the team on the road and expects the Indians to walk up to second or even first place during the series at home.

At Clarksville five games were scheduled. The Indians dropped three games, won one, and tied the fifth game. The game that was tied was called because the team had to catch a train. At Vincennes only two games out of five were played owing to heavy rains. Paducah broke even. With the tailenders two double headers were played and Paducah took three out of four games. The team returned this morning and will meet Clarksville for a series of four games.

Baseball Notes.
Woodring arrived with the club this morning. The team now has 14 players, and releases for two men will be handed out in a few days as the league rules prohibit over 12 players.

Myde Goodwin, the former Vincennes and Paducah pitcher, has been released by Columbus to Memphis. Goodwin had things his way in the old city and was clobbered up by the big leaguers. He has been served with the St. Louis National, and Indianapolis, Milwaukee and Columbus of the American Association. Goodwin pitched one no-hit game in the Kitty against Clarksville. He was the star star artist for Vincennes but later in the season twirled for Paducah.

Lee Hart, who was given a try-out by Paducah, has been sold by Clarksville, Mo., to Clinton, Ill., in the Illinois-Missouri league. Hart is said to be hitting the ball on the nose in every game.

"Boss" Carroll, who played right field for the Indians the first of the season, will report to Marion, Ill., Monday. Carroll will play second base.

Around the Circuit.

The final run of games for the first half of the season is going to be a mighty interesting fight between Vincennes and Clarksville and as the long run of games on the local diamond will decide if the attendance should be very large. Both Paducah and Hopkinsville will use every effort to defeat the two teams and will also fight hard to keep from finishing in last place. Paducah has it in for Vincennes because of old Kitty league scores and two fellows who put against Vincennes at all times are Harry Lloyd and Harry Cooper, former Allens. President Gonnell is having the averages of the players prepared for the month of June and expects the work completed this week. No official averages have been given out so far this season. It is expected they will show a number of surprises. Vincennes Capital.

Second Baseman McCance has been appointed field captain, and he has full charge of the team. The management, believing in the players as individuals, as an experiment, permit them to select their own "hoss," and the result has been more than pleasing. There is absolute harmony among the boys. Phillips, the new catcher, has the earmarks of a great player, and Holland, who played first base yesterday gave an excellent exhibition. Habeas Corpus Hearing in Behalf of Guy Dean Set for July 18, First Day of Special Criminal Session

Attorney For Boy, Accused of
Pool Road Murder, Con-
tends That Only County
Court Has Jurisdiction.

Hearing of the habeas corpus proceedings instituted yesterday afternoon by attorneys for Guy Dean will take place before Circuit Judge William Reed July 18, the first day of the special July criminal session. It is alleged that the city police court was without jurisdiction to hold the examining trial, and that the preliminary trial should be held before the county judge in county court.

The point sprung by Attorney David Browning, who is attorney for Guy Dean, appears well taken, and most of the attorneys of the city say that the police court is without authority to hold examining trials of homicides. The right of the county court to hold examining trials is given by a special act of the legislature in 1886, but it has been overlooked.

Circuit Judge William Reed has not passed upon the habeas corpus petition, but he expressed his opinion that he believed the county court has jurisdiction to hold the examining trial of homicides.

This morning the examining trial of Margery Hines colored, was held before County Judge Allen W. Barkley. The habeas corpus proceedings were taken out only for the release of Guy Dean, who is held a prisoner because of the confession of Tom Farrin. The confession has been attacked by the attorneys, who claim that he made it under promises.

Heretofore all of the examining trials of murderers have been held in the police court without protest. Margery Hines held. Margery Hines was held to the grand jury on the charge of voluntary manslaughter, but was recognized for her appearance at the September term of court at the examining trial. Margery Hines, the seventeen-year-old colored girl is charged with the murder of Rosa Stevenson, colored. She was tried this morning in county court before County Judge Allen W. Barkley.

Several hours were spent in hearing the testimony. It developed that had feeling existed between the two women, and the Stevenson woman as the aggressor. Deputy Sheriff Charles Clark testified that the dead woman threatened the Hines girl a week before the killing. It was shown that on the night of July 4 they were at the Howlandtown park at a stream, when the Stevenson woman made insulting remarks.

Later she grabbed a butcher knife and started for the Hines girl. She was disarmed, but then ran to the street car and pulled the girl off the car. In the fight that ensued the Stevenson woman was stabbed, and she died immediately.

Judge Barkley held Margie on the charge of voluntary manslaughter, and fixed her bond at \$500, but later recognized the girl for her appearance in court.

DIVE SWEETENING BUSINESS
DAYS LET TRADE TO MINI-
MUM THIS WEEK.

Bank clearings, week... \$754,419
Same week last year... 766,016
Decrease... \$11,597

Due to the rainy weather and the excessive heat, business has been a trifle quiet this week, although it is up to the standard last year. This week there were only five business days, and with the loss of one day the clearings fall slightly under the corresponding week of last year. The excessive rainfall has damaged crops, but in McCracken county the loss will not be heavy.

There has been a decrease in freight business with the railroads, as the coal mines are not shipping much coal. Passenger business has increased heavily, since the warm weather has caused an exodus from the city to the northern resorts and springs. Retail trade has been stimulated by the cut price sales.

Mr. John W. Roof, 64 years old, of the St. John's neighborhood, died at 4:30 o'clock yesterday afternoon in a St. Louis hospital of heart trouble. He was a member of the St. John's Catholic church and widely known and respected. The body will arrive here at 7:45 o'clock tomorrow morning and be taken to the family home at St. John's, where the funeral will be held at 10 o'clock. Burial will be in the church cemetery.

Paducah Motor Host in Races.

"Dan Patch," the fast motor boat owned by Bud Quarles, will be in a race with two of the fastest gasoline boats in the Memphis harbor July 20. The boats are "Yankee Girl" and "Whipperwill." Mr. Quarles arranged the race several months ago, but it was necessary to send his engine back to the factory for slight alterations. The machinery has been returned and the speedy little craft skims over the water like a bird. Mr. Quarles and Fred Mitchell will leave next Thursday for Memphis in the launch, and before returning expect to clean up on the Mississippi.

Newark, Ohio, Patrolled by Troops After Lynching of Dry Detective by Mob at County Jail Last Night

Victim, Native of Kentucky,
Was Strike Breaker in the
Baltimore & Ohio Shops...
Killed "Blind Tiger" Man.

Newark, Ohio, July 9.—Appalled by the sight of his night's work the mob that lynched Carl Etherington, a "dry" detective, today wilted away. The town is wrapped in gloomy silence. Etherington and twenty others came to Newark to discover "Blind Tigers." They got into an altercation and the detectives were hanged. Etherington was separated from the rest and killed. William Howard in trying to escape. Last night a mob stormed the jail and lynched Etherington. Arrangements were made today to prepare the body to ship to his mother at Willshurg, Ky., according to his request, when the noise was about his neck.

The militia is in Newark. Adjutant General Weybrecht after a conference with Mayor Atherton left for Columbus. He will lay the facts before Governor Hoffman. "The state won't stand for the lynching of a white man," said Phillip Smythe, prosecutor of Licking county. Sheriff Linke disappeared this morning and efforts to find him proved unavailing. Weybrecht intimated that an immediate investigation on the part of the county would be demanded by the state. It is said that charges may be preferred against Mayor Atherton and Sheriff Linke by the governor. Police calmly strolled their beats while the jail was being stormed.

He Was a Strikebreaker.

Carl Etherington, aged 22, employed by the Ohio State Anti-saloon league as a blind tiger raider, was lynched here at 10:35 last night, following a day of almost continuous rioting. The heavy doors of the Licking county jail were battered down and Etherington was dragged from his cell. He was shot, kicked and bruised before the street was reached, and the finish followed quickly.

Etherington, early in the evening, confessed that he killed William Howard, proprietor of the "Last Chance" restaurant and former chief of police, in a raid of alleged "speakeasies" in a raiding party at 1:30 in the afternoon, and narrowly escaped lynching at that time. When news from the hospital that Howard had died passed over the city at 9 o'clock the mob fury took definite form. Large battering rams were directed upon the doors of the jail and the deputies were powerless. The doors fell after an hour of attack.

Crying piteously, Etherington, a curly headed Kentuckian, who has been serving as a strikebreaker since he was released from the marine service three months ago, was dragged forth.

"I didn't mean to do it," he wailed. He cries fell upon deaf ears.

Militia Asked For.

Fearing that the mob spirit would not be satisfied by one victim, Sheriff Linke immediately asked Adjutant General Leubrecht for troops to protect six other "dry" raiders held in the town. A hurried guard was thrown out in their defense. The mob, after the first taste of blood, seemed quiet.

Etherington's last moments, while he heard the mob battering down the door, were spent in prayer and writing.

In the southern states the condition is about 3.5 per cent better than July 1 a year ago, and 2.4 better than the ten year average. In north central states east of Mississippi, conditions are 8.7 per cent below a year ago and 4 per cent below the average.

OTHERS IN POLICE COURT.

Mayfield's "dryness" would have been relieved to a great extent last night had five of its (tasteful) sons succeeded in carrying out their plans to "beat it" home on a freight train. Special Patrolman Jake Rousch, of the Illinois Central railroad force, who always has his weather eye out for trespassers, nabbed the quintette just as they were making for a southbound freight train about 11:30 o'clock last night in the south yards. One, giving his name as T. Miller, happened to be loaded with a pistol and he was arrested on a charge of carrying concealed a deadly weapon. The others, whom a Patrolman Rousch says, were touched up a little, were well supplied on the exterior also and the officer counted these: One basket of whisky, one suit case of more whisky, one grip of additional whisky and one carton of other whisky, of different brand and amounting to several gallons.

The patrol wagon was sent for and the men were mustered in for the night. The quartet of whisky toters gave their names: L. McCauley, H. Grouch, P. Hobson and C. Caldwell. Patrolman Rousch said they were trespassing and were remarking that no one man could arrest them.

McCauley was the only one who testified and said they made no attempt to catch a train. Miller was fined \$25 and sentenced to 10 days in the county jail but asked for an appeal which was granted. The others were fined \$5 each. It is said that they had come to Paducah for refreshments with which to enjoy the mees at Mayfield today.

Fred Jones was fined \$10 for trespassing on the I. C. railroad's property. He was caught pulling a key out of a brake shoe on one of the box cars in front of Jackson's foundry on First street at 9:30 o'clock last night by Patrolmen Smith and Ogilvie. Brake shoe keys are often stolen and used for "jimmies" in breaking into houses.

Julia Walves.
Julia White, colored, waived an examination on a charge of slashing her lover, Berry Noise, colored, with a ragged edged razor and was held to the grand jury under \$300 bond. Jealousy is said to have been the cause of the cutting and Noise was slashed on the left arm several times, but not badly hurt. Julia was arrested last night by Patrolmen Smith and Ogilvie at 419 South Eighth street, her home.

Hines Case Transferred.

The murder case against Margie Hines, colored, was transferred to the county court and 30 witnesses for the commonwealth and defense were recognized to appear at the trial which was set for 10 o'clock.

The case of John Hill, charged with breach of the peace, was left open.

Farmers' Union Rally.

R. L. Barnett, state secretary-treasurer of the Kentucky Farmers' Union, left this morning for Faxon, where a rally of the Calloway county members was held. Mr. Barnett returned from Mayfield, where the Graves county union met Thursday and Friday. July 13 he will organize a union in Ohio county.

Greedy Indians Took Bath.
Hopkinsville, Ky., July 9.—On the eve of their departure for home the Indians won both games of a double header yesterday afternoon from the

locals. The first game was a shut-out, 5 to 0, as the Night Riders were absolutely unable to do anything with the underhand shoots of Harris. The second game was scheduled for seven innings, but it required nine before the visitors finally won out, 3 to 2. It was the fourth consecutive game of the Indians that not a misplay was made.

In the first game Harris allowed Hoptown only two hits, and that is the secret of the victory, although his teammates put up a splendid game behind him on the field, while Manager Angemeier, Lockhart and Block did some hefty swatting. McMonigle pitched an ordinary good game for Hoptown, but was unable to cope with Harris.

In the second game Floyd twirled for Paducah and Demaree, the locals' crack pitcher, was sent into the box. The tall Indian allowed seven hits while Demaree was touched up for only five, but the perfect fielding of the Indians assisted in the victory. Early in the game the Indians scored two runs, but the Hoppers tied the score in the sixth inning. It was necessary for the battle to go two extra innings, when the Indians scored the winning run. The weather was extremely warm, but the players put up a rattling good game.

Both twirlers put up a splendid game, but the misplays of the Allies assisted in the victory of the locals. Priest was in dandy shape and permitted only one safe bingle, while Gosnell held the raps down to three. Of the strikeouts Gosnell had the better, as he fanned seven and Priest one less.

Fairmont

adjoins the city limits on the South. It lies on the East side of the Mayfield road and extends back to the I. C. yards. It is seven minutes' walk from the end of the Guthrie avenue street car line. It is the old fair ground site. The ground is all high and level and has been all tiled and drained. Fairmont has many beautiful old forest trees, and early buyers can pick out some extra choice lots. The addition is only fifteen minutes' walk from the Illinois Central shops, Paducah's greatest industry. The city is built up to and beyond.

Fine homes are built almost solidly up to FAIRMONT, and the neighborhood is the best. Prices range from \$80 to \$300, and the terms are the easiest ever. 75¢ CASH BUYS ANY LOT AND YOU CAN PAY FOR IT 75¢ PER WEEK. No interest ever; no payments if sick or hurt and unable to work. We pay the taxes for two years. A liberal discount for all cash or a \$25 down payment. You can pay by the month if you like. Every dollar paid is credited on the lot. No extras of any kind. Come out after supper. Our salesmen are on the ground every day until dark, and a free covered carriage meets all the Guthrie avenue cars at the end of line.

Twenty Dollars For Two

You would not trade twenty dollars worth of butter for two dollars worth of real. Yet I can name bright farmers, right in this neighborhood, who feed young stock butter fat worth 25 to 35 cents a pound, when oil meal would be just as good for them. If you feed milk set and skimmed by hand, you are leaving one-quarter to one-half the butter fat in the milk. You are feeding valuable butter to produce cheap calf fat or pig fat. Gentlemen, that don't pay.

The Sharpless Tubular Cream Separator

will save that cream—stop that loss and put you that much ahead. Come and see the Tubular. Let me explain how and why it's the cleanest skimming, lightest running, most durable and easiest handled cream separator made. The Tubular is very simple. I'll be pleased to take it all apart and explain exactly how it will pay for itself one to three times each year in increased dairy profits.

This is a great era of home-building in Paducah. Everybody seems to be realizing that the best home is a home they own and have built as they want it. For the benefit of our readers who are considering building and are still undecided as to the style or price of home to build, we are, each week on this page, showing original, attractive and practical illustrations of modern moderate priced houses that will offer helpful suggestions and give a fairly accurate idea of what it will cost to build.

Complete plans and specifications, in duplicate, for building this house may be secured from this office for \$30.00. For alterations, making additions or reversing plans a slight charge will be made, dependent on the amount of extra work involved.

Daily Thought.

I never listen to calumnies, because, if they are untrue, I run the risk of being deceived, and if they are true, of hating persons not worth thinking about.—Montesquieu.

If the Rt. Hon. Joseph Chamberlain, M. P., etc., is responsible for the use by the press in connection with his seventy-fifth birthday, of his pictures taken when he first entered the colonial department, all we have to say is, that the Rt. Hon. Joseph is a natural faker.

Apropos the dictum that snake skin dresses will be born this winter, the Louisville Post suggests that ever since the day of Eve women have had a weakness for serpents. Yet, we doubt whether Eve herself would give a fig for a snake skin dress.

The proposed federation of Commercial clubs of Kentucky will have the same general objects as that of the Kentucky League of Municipalities. With two organizations working to the same end, and the end to the advantage of all, the end should be the more speedily attained. Cooperation is the spirit of the times.

Every pilgrim to the shrine of the oracle of Oyster Bay who comes away smiling, is hailed by the Washington correspondents as the hearer of good news, and is chronicled as such in the days' dispatches. Small wonder then that politicians, who inform reporters before they go that they are seeking the support of Colonel Roosevelt, learn to trace a smile upon their faces before they come out, and with knowing leers admit that their interviews were satisfactory.

WALTER P. BROWNLOW.
The death of Congressman Walter P. Brownlow, of the First Tennessee district, scion of the famous house of Brownlow, removes a unique figure from national life. Also it revives interest in the factional feud among Tennessee Republicans, which more than once has deprived the party of control of the state. Brownlow's personality has been ever a factor in the schism. His record in congress indicates his personality.

He unflinchingly adhered to the old theory that he was in congress primarily to represent the First district of Tennessee, and his work for his district in the aggregate shows the remarkable record of \$8,000,000 spent there by the government in less than fourteen years. His district, though mostly mountainous, is among the leaders in rural free delivery, costing the government \$300,000 annually. The soldiers' home in Washington county was given an appropriation of \$2,000,000, while Brownlow was on the board; federal custom houses; fish hatcheries, pensions, the soldiers' home, a federal cemetery and rural routes draw a total of \$916,000 annually from the government. Brownlow was entrenched in the First district. Sometimes the forces lead by H. Clay Evans, of Chattanooga, would route Brownlow's forces in the state convention; but from his retreat in the mountains of East Tennessee Brownlow would rally his men for the next fight, as

THE FILTHY "HOUSE" FLY.

Don't forget for a moment that the fly is born in manure and comes straight from swill, spittoons, offal, to your dining table. If he can possibly get into the house.

He was duhded last year the "typhoid fly," because he had been convicted of spreading typhoid by wholesale in army camps and elsewhere.

He is also the "dysentery fly," having conveyed disease and death to countless children. These are established facts.

Remember that when and where absolute cleanliness prevails there will be no flies.

Look daily after the garbage cans; see that they are clean, sprinkled with kerosene oil and effectively covered.

By all means, whatever precautions may be taken or not taken, don't let the flies get near the milk.

DON'T LET A FLY ALIGHT ON THE CHILDREN'S FOOD OR YOUR OWN.

strong as ever, while the opposition might be wearied of the fray.

With his passing must eventually pass away what was known as the Brownlow machine, unless some other character, as strong as Brownlow's takes command. If the Evans faction succeeds in nominating a candidate in the First district, all that will be left of the Brownlow regime will be the eight million dollar monument in enduring stone and marble that he so assiduously erected for himself during his tenure of office.

JAPAN UNDOING HERSELF.

If Japan is pursuing a course of double-dealing in Manchuria for the purpose of securing the trade for herself and expanding her own territory, she will eventually come to grief. The wily oriental will find that the open, honest diplomacy, which the United States proved successful and made popular, is the style today. The Island Empire effected an alliance with Great Britain, when that nation thought it wise to have an ally in the far east, for the sake of trade and any possible partitioning of territory. Now, it is said, Japan has entered into a secret alliance with Russia for the joint control of Manchuria, the richest part of China, the exploitation of its resources and the elimination of competition from the outside. That suits us. Some time we will have trouble with Japan or find it necessary to force her into respect for our rights, and it will be made easier by Japan alienating Great Britain and making the cause of this country in Asia the common cause of all the powers.

THE CASE OF BEVERIDGE.

That Roosevelt should agree to make speeches in Indiana for his friend and supporter, Senator Beveridge, is not surprising; nor can it be taken as a blow at President Taft, whose friend also Senator Beveridge is. Neither can it be said that Beveridge and Taft disagree about the tariff. Both have said the Payne bill is not satisfactory; but Taft is president and Beveridge is senator. When the congress enacted the law, the president had then to consider the merits of the bill compared with the then existing laws; not necessarily its relative merits, compared with a perfect standard of excellence. Indeed, the president soon became aware that there is no standard of excellence for a tariff law, except in the abstract; he saw in the provision for a tariff commission an opportunity to secure data on which the sort of revision he and Beveridge both desire might be based; and he signed the bill to hasten that day.

Beveridge in the senate voted against the bill, and in his state platform justifies his position. The probabilities are that if Taft had been senator he would have voted against the bill; and if Beveridge had been president he would have signed it.

The fight in Indiana is between the Beveridge element of progressive Republicans and the Watson crowd of reactionaries, who supported Fairbanks for the presidential nomination against Taft.

THE MOB MILITANT.

Ohio was again disgraced by mob law last night, and without excuse. The city of Newark, about half the size of Paducah, in which a company of state artillery are stationed, and just 40 miles from Columbus, where there are four companies of infantry, was the scene of a battle all afternoon yesterday between a mob and a score of "dry" detectives. The disorder was crowned last night by the storming of the county jail and the lynching of a detective. Today after the mob disperses, the announcement is made that militiamen are patrolling the streets. We are not interested ourselves in Ohio's local option problems; but as citizens of one common country, we can not fail to be interested in the reason why local authorities appear unable to check such outbreaks, or being unable, do not immediately call on the state for assistance. There is either collusion or incompetence at Newark.

ALWAYS FIRST.

Referring to the returns from the prize-fight the Calloway Gazette says: "News of the knockout was received and bulletined in front of our office before some of the Paducah papers received it, the Gazette 'heating' every paper in west Kentucky on this phase of the fight except the Paducah Sun, which usually gets there first and it is hard to 'heat' them."

STATE PRESS.

There is a Time to Speak.

A newspaper is made up of local and general news, the editorial opinions of the editor and some other things. The editorial opinions are the editor's and he is responsible for them. That they may not jingle with the views of other men is to be expected, and the editor does not intend for them to be dogmatic. What is written is weighed beforehand and is not intended to provoke trouble, though sometimes trouble has come of it. In this Vanderbilt matter, for instance, it was not our purpose to "start a row" with the Methodist church, for we have a most kindly feeling for the church; but we find that there are those who claim superior knowledge in the local church who not only condemn the Gazette but condemn with superciliousness.—Clinton Gazette.

Get the Habit.

The Henderson county jail is about as easy to get out of as most jails are easy to get in and the prisoner who stays in the jail is the one who wants to stay there.—Henderson Gleaner.

An Editor Prospers.

The editor and his family, after living in a rented residence since he came to Mayfield, and after paying \$1,373.50 rents, have moved into his new cottage on North Sixth street. As we have said many times before, we cannot feel too grateful to the people of Mayfield for the many acts of kindness they have shown us and our family, and the longer we live among them the more we appreciate them. We moved on the 134th anniversary of the declaration of American independence and we hope to feel patriotic until time shall be no more.—Mayfield Messenger.

Charged Plagiarism.

We don't know upon which to visit the most severe punishment, the compositor or the proof reader, for reprinting an article by Mr. Wallace Cooper on an improved raspberry he is cultivating to appear in the Leader of Wednesday under the heading, "A New Raspberry."—Lexington Leader.

Kentucky Getting Together.

A special committee of the Louisville Commercial club is seeking to bring about the state organization of the commercial clubs that "their strength may be as the strength of ten" in their work for the promotion of the interests of Kentucky. It is proposed to hold a preliminary meeting for organization during the state fair in September. We trust that the meeting will be well attended.—Louisville Post.

Trials of Country Journalists.

This week's Gazette is far below the usual standard both in make-up and news on account of a too hilarious celebration of independence day by our printers. But we have dispensed with their services and next week will have a force of workmen, who are not only competent, but strange to say, do not worship at the shrine of Bacchus.—Calloway Gazette.

Peculiar results have come from the catchy song hit "Oh, You Kiddle," sung at the Kentucky theater this week by Miss Eugene Ray. In the second chorus Miss Ray pitches chewing gum into the audience, which naturally makes the song more "catchy."

Last night a husky farmer who stood near to six feet in height stalked into the lobby of the Kentucky and timidly approached the ticket taker, at the same time casting

a wistful glance into the crowded theater. Taking several deep breaths the farmer meekly inquired of the ticket man: "Is this the place where they give chewing gum away?" "Well, not exactly," responded the holder of "receipts" and the product of some distant farmhouse was ushered to the bald-headed row, where the opportunity of catching a stick of gum was greater than further back, owing to Miss Ray's lack of "steam" in pitching. Whether the "wax man" got his was not ascertained by the management as he was swallowed into the surging crowd leaving the playhouse.

Mrs. Mary A. Hurt, the venerable mother of the Hurt boys, is visiting her son, Richard Hurt in Paducah. Though eighty-three years of age, this was her first ride on a train. She was accompanied by Mr. E. D. Hart, who returned Sunday morning.—Calloway Gazette.

ALL PRAYER

FOUNDINGS HOME WILL HAVE
A BENEFIT.

Mr. G. C. Crooner will lecture with stereoscopic Here Mon. day night.

Monday evening, July 11, Mr. G. C. Crooner, superintendent of the All-Prayer Foundings' Home in Louisville, Ky., will give an illustrated lecture at the Mechanicville Methodist church, giving stereoscopic views of Bunyan's Pilgrim's Progress, also views of the Foundings' Home, to which the public is cordially invited. As it is strictly a religious service there will be no charge for admission.

The Foundings' Home was formally opened in September, 1935, with eight homeless little boys. Since the opening 167 children and 97 mothers have been cared for. Through all this time no appeal has ever been made for funds except through prayer, nevertheless the work has been greatly blessed.

The institution has now a state charter and is directed by an advisory board composed of representatives from different churches and is strictly non-sectarian in its work.

A Hint to The Wise.

Saturday evening the popular tobacco traveling salesman, John Scott, was seen climbing over the subway where the City National bank's ten-story building is being erected. Some friends saw him and called to know what he was doing on the sub way roof. John answered, "You fool, don't you see the signs tacked up. Walk Over?"

This turned out to be the sign put out by the Geo. Rock Shoe Co., advertising their popular Walkover shoes. John took it literally and walked over. Now he wants a pair of Walkover shoes to pay him for his trouble. He was told to see Rock's.

FAIR PROGRAM IS

(Continued From Page One.)

Animals from the grand circuit will be seen here and entries will probably result in the next few weeks.

The purses to be given in the four days of racing are exceptionally large and will attract good horses. The association is figuring on a grand series of races.

Programs for the fall fair have just been printed and will be distributed next week. The first day will be "tobacco day" and large prizes have been offered for the best specimens of the different types of the leaf from the Black Patch. Also on that day will be an exhibit of mules, jacks, jennets and sheep, followed by the big races, which begin at 2 o'clock every afternoon. The gates of the fair grounds will open at 9 o'clock every morning.

Thursday, the second day, will see the display of dairy and beef cattle, poultry, floral designs and bunches, farm and garden products and home-made products of the farm, such as vinegar, sorghum, honey, lard, hams and uncans. There will be displays of fruits, jelly, preserves and canned goods, pickles, cakes, bread, pies, home-made candies and the following departments of fancy work: Silk embroidery, linen or cotton embroidery, drawn work, lace work, knitting and crocheting and quilts. This will be the day for the ladies to enjoy themselves. Large prizes are offered to the best of the displays.

On the third day there will be the exhibit of colts, hogs and stallions. The fourth day, to be known as "Traveling Men's Day," will be featured with saddle horses and rigs. Arrangements are being made for the last day and there will probably be a masked ball given at night and prizes awarded. The association is springing no efforts to make the fall fair the best in the history of Paducah and the co-operation of the farmers is needed, being one material factor that will lead to the success of the big undertaking.

NEWARK, OHIO

(Continued From Page One.)

ing a note to his parents, farmers near Williamsburg, Ky.

"What will mother say when she hears of this?" he kept moaning to the jailer.

Howard said he did not resist the detectives when they entered the place. He said he put his arms about Etherington to hold him, whereupon the officer fired a bullet into his head.

Chased Strike Breaker.
Striking Baltimore and Ohio employees declare that Etherington recently came to Newark as a strike-breaker. Last night a strikebreaker was pursued several squares. He saved himself by jumping through a window of a laundry.

The detectives arrived with search and seizure warrants secured from the mayor at a nearby village. At the saloon of Louis Holton, the bartender, Edward McKenna, was hit over the head with brass knuckles. The detective who hit him was pursued by a crowd who quickly assembled. He was rescued by the police. The officers with their prisoner were followed by the mob to the jail. Licking county, of which Newark is the county seat, is dry, but the Anti-saloon league officials declare the law is not enforced.

While the mob was battering down the doors, Etherington was in his cell in an attempt to commit suicide by smothering his head in his coat and set fire to it. He was caught in time to save his life.

In the melee as the mob was leaving the jail eight prisoners, held for petty offenses, escaped. One refused to leave.

Made a Speech.
As Etherington mounted the block ready for the swing he asked permission to make a speech. He said: "I want to warn all young fellows not to try to make a living the way I have done—by strike breaking and taking jobs like this. I had better have worked and I wouldn't be here now."

The swing of the rope cut him short. He hung there for an hour while the crowd quietly left. After the first excitement there was no disorder. At the finish there were hundreds of women and little children in the crowd all eager to accomplish his death. No member of the mob was masked and no attempt was made to conceal their identity. The leaders were personal friends of the dead man, Howard.

Hired Through Agency.

Columbia, Ohio, July 9.—Wayne H. Wheeler, state superintendent of the Anti-saloon league, said the men who made the Newark raids were not in the direct employ of the state league. They were hired by the Licking county law enforcement league, he said, through an agency at Cleveland.

At Granville, Licking county, 20 men were sworn in as special officers and given warrants to serve under the Woods search and seizure act. It was planned to raid five Newark places as illegal.

Eastern Star Excursion.

The order of the Eastern Star have engaged the new steamer Robertson for an excursion Tuesday night, July 12, 8 o'clock. Hillman's band will furnish music. Refreshments. The public invited. No objectionable parties allowed. Tickets 25 cents.

In Admiralty.

Pursuant to an order entered in the United States District court at Paducah, Kentucky, on the twenty-eighth day of June, 1910, in the case of Lewis & Lewis, et al., against the gasoline boat Addie, 1 will on the 9th day of July, 1910, at 10 a. m. of that day, at the port of Paducah, Ky., sell to the highest and best bidder the said gasoline boat Addie, her engines, tackle, apparel, furniture, etc., for one-half cash in hand, the balance on a credit of three months, with interest at 6 per cent per annum until paid. The purchaser to execute bond with good and approved security payable to the clerk of the court for the deferred payment said bond to have the force and effect of a replevin bond at law. In addition to its being a bond in admiralty, the purchaser, if he chooses, may pay the entire purchase price in cash.

GREAT MEETING
OF DEMOCRATS

MEMBERS OF PARTY IN ILLINOIS
CALLED TO MEET.

To Issue Call Today Signed by 200
Prominent Democrats to De-
nounce Legislators.

WHO BETRAYED CONSTITUENTS.

Springfield, Ill., July 9.—A call
for a Democratic conference to be
held at Lincoln, July 20, will be
issued bearing the names of nearly
200 prominent Democrats of this
state.

The conference, according to the
call, is for the purpose of disavowing
the action of the Democratic mem-
bers of the state legislature in voting
for Lorimer for senator and for the
purpose of laying plans for the elec-
tion of honest and capable Demo-
crats to fill and to work for the
adoption of efficient measures to hold
the legislators responsible at all
times to their constituents.

The call further declares: "Illinois,
through her patriots and statesmen
of the past, has achieved imperish-
able fame and renown, and it is the
duty of every patriotic, honest and
liberty loving citizen, in the present
political crisis in this state, to exert
all his power, and influence to remove
the shame and disgrace brought upon
the state by the action of certain
legislators in betraying their great
trust, and violating the confidence
reposed in them by the voters."

Among the Democrats signing the
call are Congressman Henry T. Rainey,
of Carrollton; Mayor Fred Kern,
of Belleville; Congressman James M.
Graham, of Springfield; former Con-
gressman Ben F. Caldwell, of Chatham;
Lawrence B. Stringer, of Lin-
coln; Louis F. Post, editor of the
Public, Chicago; John P. Tansey,
editor of the Democratic Bulletin,
Chicago.

Foley's Kidney Pills Have Cured Me

The above is a quotation from a
letter written by H. M. Winkler, of
Evansville, Ind. "I contracted a se-
vere case of kidney trouble. My
back gave out and pained me. I
seemed to have lost all strength and
ambition; was bothered with dizzy
spells, my head would swim and
speaks float before my eyes. I took
Foley Kidney Pills regularly and am
now perfectly well and feel like a
new man. Foley Kidney Pills have
cured me." Gilbert's drug store.

RATES HELD UP

GROSSCUP'S COURT STAYS EN-
FORCEMENT OF ORDER.

Evidence Introduced That Sleeping
Cars Are Operated at a
Loss.

Chicago, July 9.—By an order of
the United States circuit court of
appeals here today, reduced sleeping
car rates ordered by the Interstate
commerce commission cannot go into
effect for several months. Judges
Sennott, Grosscup and Baker grant-
ed a stay order pending a rehearing,
by the commission as to the justice
of its mandate.

Some weeks ago the Pullman com-
pany and certain roads operating
their own sleeping cars sought an in-
junction to restrain the carrying into
effect of the reduction order. This
was denied. A rehearing by the com-
mission, however, was allowed. In
the present instance new evidence
was placed before the court to show
that in some cases sleeping cars are
operated at a loss even at present
rates.

The court ordered the companies
affected shall furnish a bond to the
court, out of which passengers pay-
ing the present rates shall be reim-
bursed should the commission upon
rehearing insist upon the reduction.

A Few Short Weeks.

Mr. J. S. Bartlett, Edwardsville,
Ill., writes: "A few months ago my
kidney became congested. I had
severe backache and pain across the
kidneys and hips. Foley Kidney
Pills promptly cured my backache
and corrected the action of my kid-
neys. This was brought about after
my using them for only a few short
weeks and I can cheerfully recom-
mend them." Gilbert's drug store.

Odd Fellows at McKendree.
Odd Fellows will leave this evening
at 6 o'clock for McKendree,
where degree work will be done in
the Massac lodge of Odd Fellows.
Following the completion of the de-
gree work, the Massac Odd Fellows
will entertain with a banquet. About
30 from Paducah will go.

"Is Life Worth Saving?"

Mrs. Mollie McTearney, Prentiss,
Miss., writes that she had a severe
case of kidney and bladder trouble,
and that four bottles of Foley's Kid-
ney Remedy cured her sound and
well. She closes her letter by say-
ing: "I heartily recommend Foley's
Kidney Remedy to any sufferer of
kidney disease. It saved my life." Gilbert's drug store.

CROSS ATLANTIC
IN AN AIRSHIP

PLANS OF WALTER WELLMAN
AND MELVIN VANIMAN.

Aeronauts Not Positive Venture Will
Be Success, But Will Make the
Attempt in August.

THEY WILL USE THE AMERICA

New York, July 9.—Walter Well-
man and Melvin Vaniman will at-
tempt this fall to cross the Atlantic
ocean in the dirigible balloon Amer-
ica, which was built for the Well-
man polar expedition and has twice
been tested in voyages over the
Arctic ocean, northern Spitzbergen.
The attempt will be made solely on
the responsibility of the aeronauts,
but the New York Times, Chicago
Record-Herald and London Daily
Telegraph have arranged to buy the
news of the expedition, which will
be transmitted by wireless from the
airship.

The America will be housed at
Atlantic City during the preliminary
trial. In her voyage the America
will carry a crew of six men, in-
cluding the wireless operator, and
1,600 gallons of gasoline in a steel
tank. If equipped for a day's run
she could carry 75 passengers in ad-
dition to her full crew. In size she
ranks second only to the latest Zepp-
elins airship. Two engines will
drive her, one of 70 horsepower for
ordinary duty, and one of 300 horse-
power for emergency service, when
high speed is needed. A little 10
horsepower motor takes the place of
the donkey engine aboard ships for
small necessary offices.

The quantity of air to be carried
gives the airship a greater radius of
action than the distance from New
York to Europe and a study of the
prevailing winds during the season
at which it is proposed to make the
passage, shows that they lie parallel
to the east-bound course laid down
by the Atlantic liners. Even if the
net effect of the winds should prove
unfavorable it is estimated by the
aeronauts that the fuel would hold
out for the full distance.

Wellman and Vaniman by no
means are sure their attempt will
be successful, but they think the
chances are good enough to warrant
a trial. They plan to start late in
August or early in September from
a base, near New York, not yet
selected.

EVERY day will have its wonderful offers in summer apparel and other summer needs. We have many agreeable surprises in store. Things happen here even in what is called the dull season because they are made to happen. You will find us alive and wide awake Monday and every day next week with first rate goods offered at second rate prices. Our stocks are unusually large and attractive for this season of the year. This is the one great and genuine clearance sale in Paducah that has no competition, but many feeble imitations. It's a clean sweep of every dollar's worth of merchandise that is not desirable for the opening of the fall season. One of the strong features of this sale is the choiceness of the merchandise. In sixty days' time fall goods will be clamoring for admission. Now, in order to secure space for this very event, all summer merchandise here must go. We have case upon case of such merchandise in our wareroom that must go. For six or eight weeks this store will be brimful of timely and seasonable merchandise at absolutely the lowest prices ever known under similar high priced market conditions.

Prices throughout the big store bow to this great sale. Don't you want to save money?

DUN'S REVIEW.

New York, July 9.—Dispatches to
Dun's Review indicate that business
is more satisfactory at the west and
south than in the east, where con-
servation is somewhat marked. Un-
certainty regarding the crop outlook
in the northwest affects sentiment,
but an active fall trade is generally
anticipated.

The holidays and heavy rains at
Atlanta adversely affected both whole
saw and retail trade, while the clos-
ing down of a number of cotton mills
also accentuated the tendency to
quietness.

The customary midsummer dull-
ness prevails at Louisville, although
fair activity is noted in some direc-
tions.

General business at New Orleans
is fair, and in some instances in ex-
cess of last year.

Retail trade is quite good at Cin-
cinnati and wholesale houses report
remarkable activity in dry goods,
with a brisk demand for summer
merchandise. Footwear is fairly ac-
tive, and most other lines are doing
well, although quiet continues in pig
iron.

LIVESTOCK.

Louisville, Ky., July 9.—The re-
ceipts of hogs were 1,569, for the
week thus far, 5,698. The market
opened early with prices ranging
from steady to 5c to 15c lower, se-
lected heavy hogs, 200 lbs. and up
\$9.45, medium weights 160 lbs. to
200 lbs. \$9.25, light shippers and
heavy pigs \$8.50, roughs \$8.40 down.
The pens were well covered, heavy
hogs closed dull, others steady.

Cattle.
The receipts of cattle were 165
head, for the week thus far, 841. The
market was pretty quiet as there
were only a few local traders, and
butchers on the yards, not much de-
mand, and no material change in
values or conditions. The few hands
butcher cattle that were there sold
easily at steady prices, medium and
common kinds were dull, grassy half-
fat kinds were neglected and druggy.

The feeder and stocker market was
quiet and unchanged. Bulls steady,
canners dull, milch cows slow. No
prime heavy cattle here, market non-
nally steady on that class.

Calves.
Receipts 179, for the week thus
far, 568. The market ruled firm.
Bulk of the best 8 @ 8 1/2c, some
fancy higher, medium, 6 @ 8c, com-
mon, 5 @ 7c.

Sheep and Lambs.
Receipts 8,396, for the week thus
far, 38,961. The market was at a
standstill again today. Buyers and
sellers unable to agree on the price
or time, and nothing selling up to the
time of going to press. Indications
are that the market will be steady,
with the best lambs selling around
